Members of The International Association of Movers

"In varietate concordia" (United in diversity) is the official motto of the European Union. It encapsulates the spirit of the people of the EU working together for peace

and prosperity, their many different cultures, traditions and languages combining to the benefit of all.

The motto was first coined in 2000, the same year in which the "EUROMOVERS" brand was launched to the public. EUROMOVERS sprang from like-minded European movers who wished to cooperate with others whose standards, vision and direction would be enhanced by coming together under the same banner.

"Let's move together" is the official motto of EUROMOVERS.

It stands for Citizens of the World, for People, Families, Children, Clients, Partners, and Friends, all with their own different cultures, traditions and languages. People are both the focus of our work and our best asset – making them part of the family will increase our strength and enhance our business.
